

**Fast, comprehensive field service repairs offer maximized productivity and profits.
Choose Apache Stainless for your next Stainless Tank or Vessel Repair.**

FAST RESPONSE TIME

Based in Beaver Dam, Wisconsin, our Field Service Technicians are centrally located and quick to respond to our customer's needs. We have dedicated resources, and are ready to travel at a moment's notice.

EXPERIENCE

Our certified welders possess over 700 years of combined welding experience. Our Field Service Technicians carry that expertise directly to our customer's facilities. Our factory trained Field Service Technicians are experienced and equipped with all necessary repair and testing equipment to get the job done quickly, and most importantly done right the first time.

CERTIFIED

Our Field Service Technicians are "R" stamp certified, possess OSHA confined space entry certifications, and work to BPE (Bio Processing Equipment) standards. All Field Service Technicians are fully insured.

REPUTATION

For over 30 years, Apache Stainless Equipment Corporation has built a solid reputation within the industry as a high quality fabricator of ASME and Non ASME Code Stainless and High Alloy Tanks, Vessels, Columns, Shell & Tube Evaporators, and other Stainless Fabrication.

DEDICATED TO EXCELLENCE

As employee owners, each Apache Stainless Field Service Technician is dedicated to excellence making sure that our customers are fully satisfied with the Apache experience. References are available on request.
